FOREWORD

SCHOOL SUBJECT REPORT

FOREWORD

The Education Ministry has made the point on different platforms that improving education systems is not a sprint but rather a marathon and we have been steadily and consistently improving in the key performance areas of our basic education system by focusing on principles of Access, Redress, Equity, Efficiency, and Quality. The performance of the Class of 2018 in their National Senior Certificate examination is a rally of further evidence of improved achievement and upward trajectory of a rising system.

The NSC after 12 years of schooling provides an important barometer to evaluate progress made by the South African Government in improving the quality of teaching and learning outcomes.

The focus for the Sector since 2009 has been on teacher, text and time as crucial levers for providing quality education. Over the last 5 years, the tracking of learning outcomes has pointed towards critical systemic gains relating to access, redress, equity, efficiency and quality, as well as anchor interventions, progress and achievements. Evidence of improved learning outcomes was observed through critical gains in learner achievement below Grade 12, in three international benchmark studies (SEACMEQ, TIMSS and PIRLS) that referenced the skills of South African learners on achievement norms in Mathematics, Science and Reading Comprehension. The incredible gains observed in the TIMSS 2015 and SEACMEQ IV study (which were the largest among participating countries) arose out of deliberate efforts to uplift learning outcomes through targeted strategies such as the Annual National Assessments, provision of workbooks for every learner in quintile 1-3 schools and a rapid improvement in the infrastructure of schools through the ASIDI project. These efforts provided an expansion of high quality learning opportunities, especially to the disadvantaged.

To further support the class of 2018, we brought about stability in curriculum implementation, which has led to a sustained improvement of the teaching and learning outcomes, and strengthened our National Curriculum Statements through the introduction of the Curriculum Assessment Policy Statements (CAPS), which is viewed as one of the best in the world.

In 2018, we saw a total of 624 733 learners participating in the 2018 NSC examinations. A total of 147 Grade 12 papers were set. The NSC examination is the culmination of a number of efforts by the department to get the system functioning optimally, and delivering quality basic education to all learners. The critical role played by provincial education departments and district education offices cannot be overlooked in a system that pulls together to afford learners the best opportunity to succeed as they exit the schooling system.

The improved NSC result by 3.1 percentage points from 75.1% in 2017 to 78.2% in 2018 is a celebration of concerted and collective efforts of the educational hierarchy of learner, teacher and system, working as a coherent sector. Four provinces achieved above 80%. It was highly welcomed, though not unexpected, that a significant number of schools in provinces with traditional rural locations improved their results. The improvement margin of 5.6% points in Eastern Cape and 4.1% points in Mpumalanga is remarkable. Although Gauteng had a notable improvement of 2.8% points and achieved the highest ranking, the improvement margins of rural provinces outweighed those of urban provinces.

As in 2017, we continue to see significant gains in the margins of improvement among quintiles 1 to 3 schools which point towards an average annual increase in black African high-level achievers since 2008. Many of these learners come from historically disadvantaged schools.

The 2018 results provide further evidence that the intensive support provided to low performing provinces in 2017 have borne fruit and is a testament that Government's pro-poor policies to the most disadvantaged are working and sustainable. In 1994, the achievement rate was 58% and over the last 25 years, the achievement rate has improved by 20.2% points. The achievement rate has consistently remained above 70% for the past eight years. The class of 2018 should be commended for their contribution towards a continued rise in the system performance. Overall, a reconciliation of the international assessment and the NSC results indicates that at key levels of the system, there are encouraging gains that can be built on to strengthen an upward momentum going into 2019.

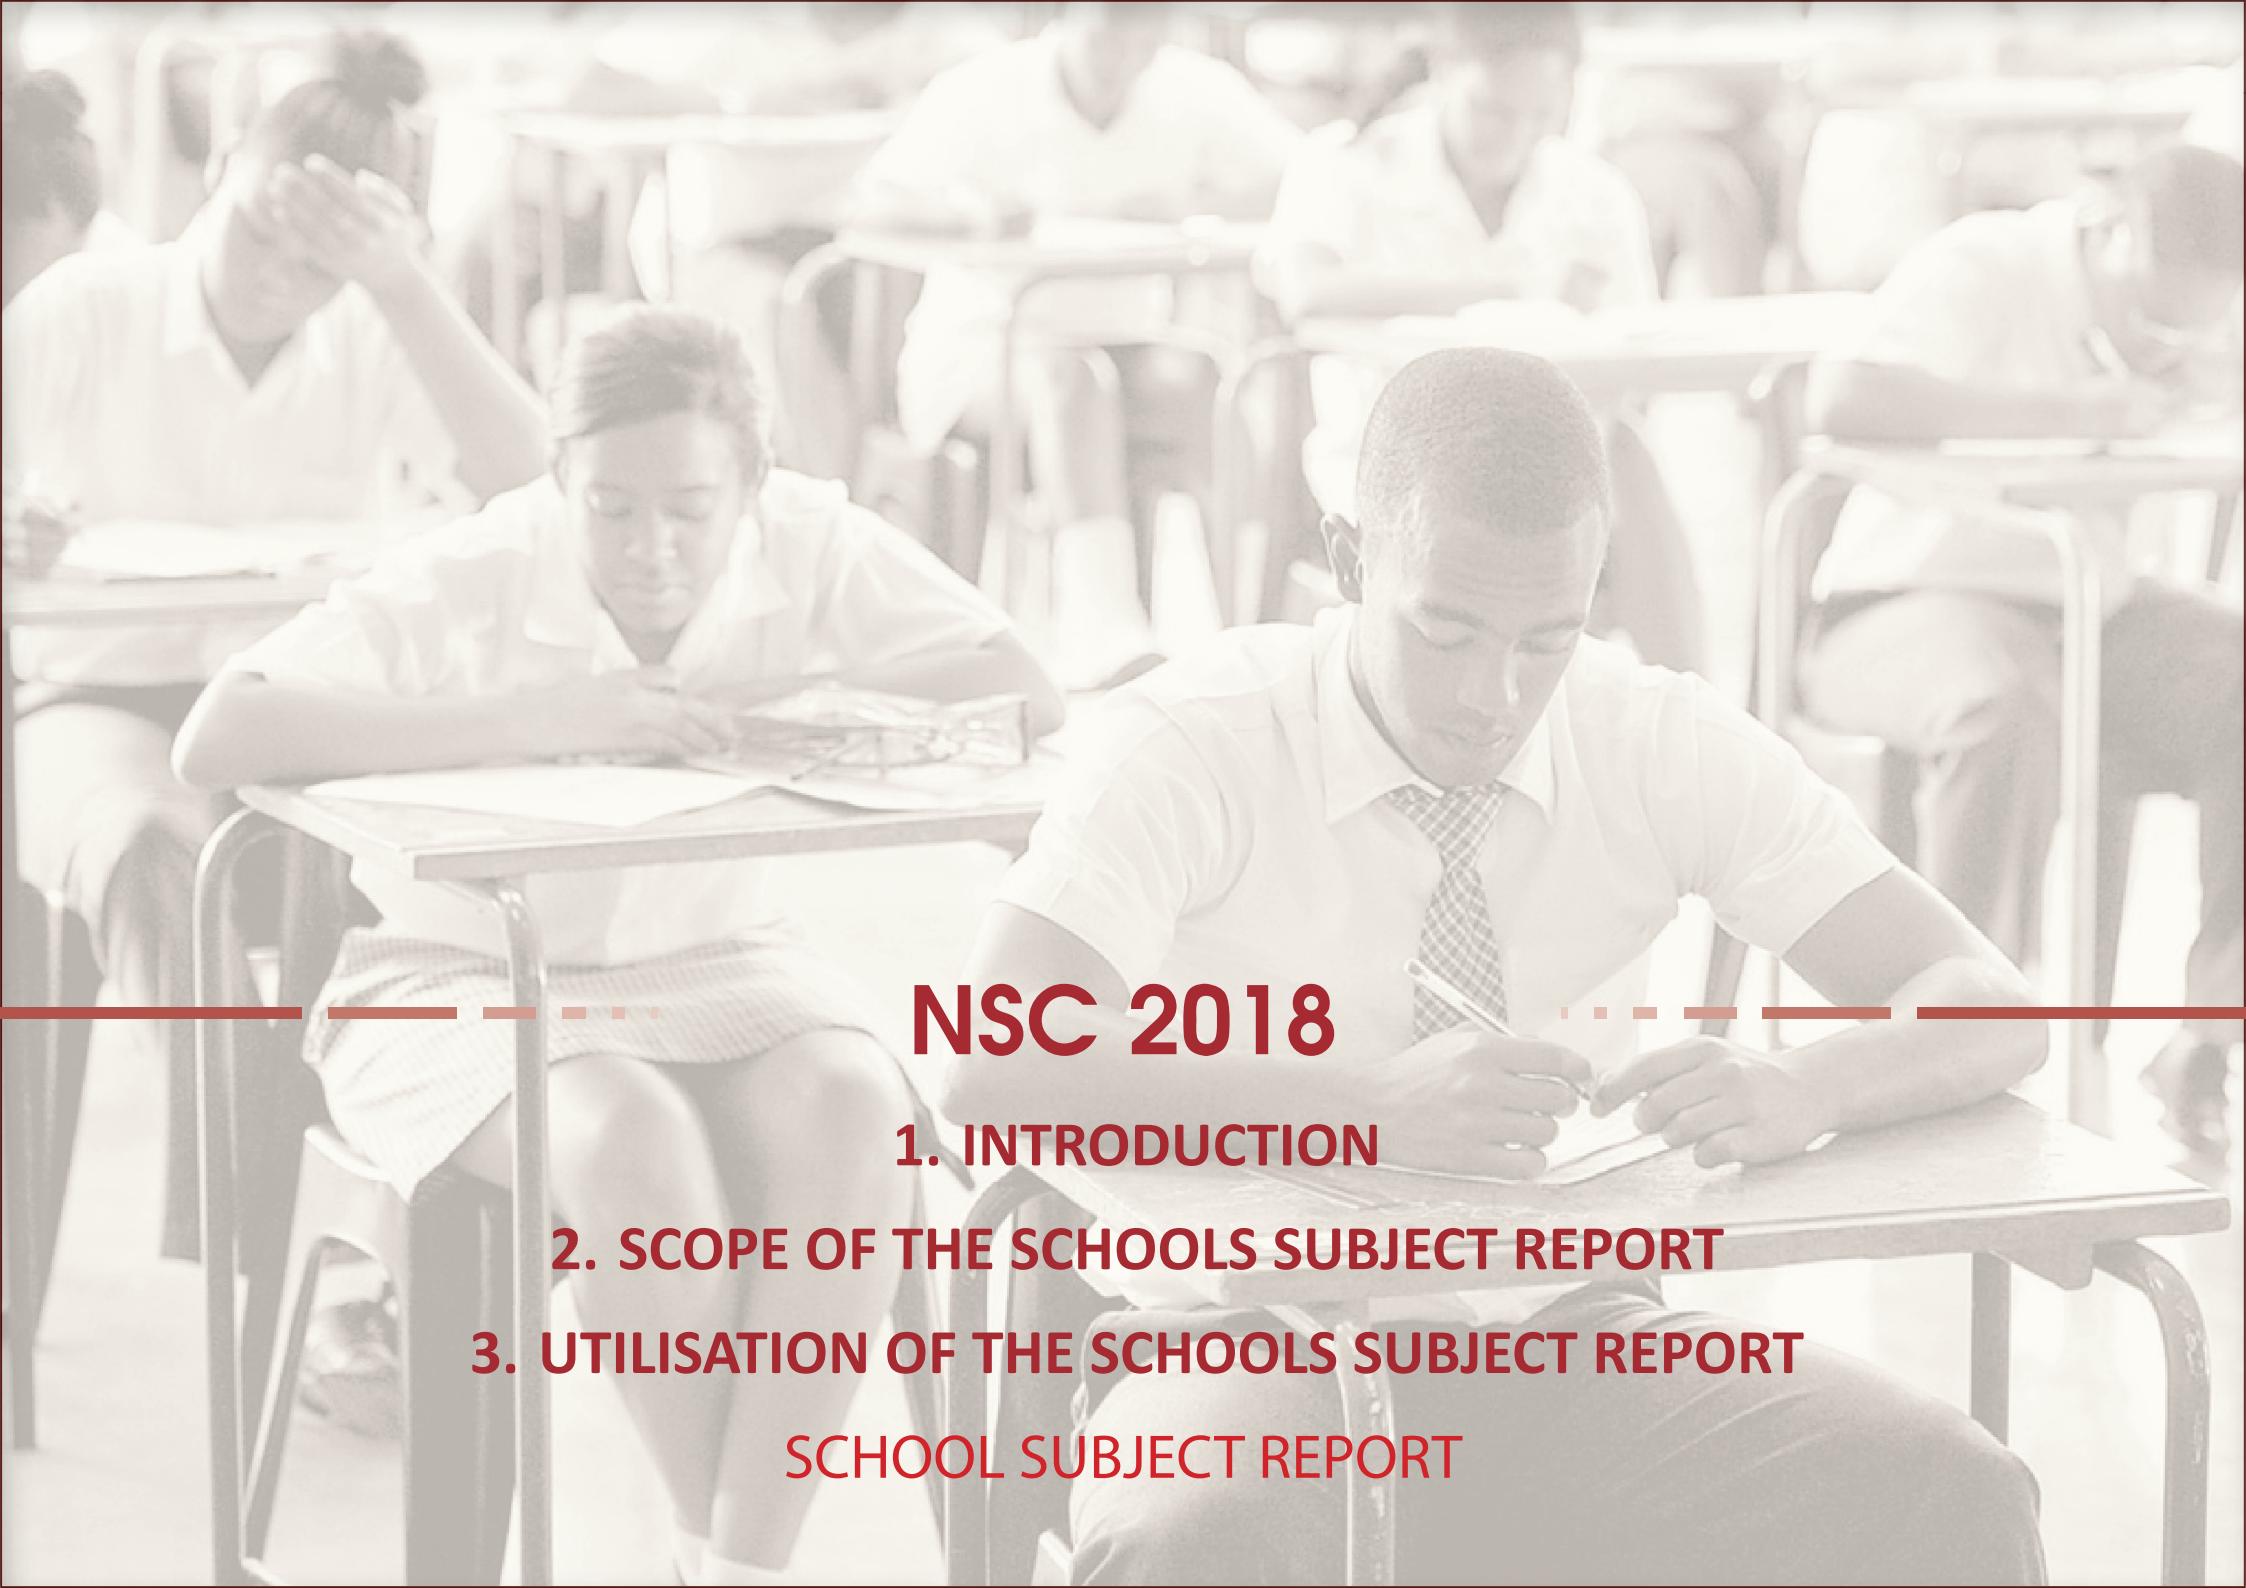

Congratulations to the Class of 2018, and more especially the principals and teachers who committed their time and efforts to ensure that the Class of 2018 realise their dreams and achieve personal success as they emerge as the future leaders of our country.

The Department of Basic Education, together with the Provincial Departments of Education have set targets for each of the subjects for the Class of 2019 to aim towards. I call upon all of you to help us maintain the upward trajectory in the system, one subject at a time.

I therefore invite all education stakeholders to view the results in the School Subject Performance Report with a sense of ownership and involvement and to support the projects, programmes and efforts of the Department in our mission to deliver and assure quality basic education to all learners.

MRS AM MOTSHEKGA, MP
MINISTER OF BASIC EDUCATION
03 JANUARY 2019

A black and white photograph of a classroom full of students sitting at their desks, looking down at their papers, appearing to be in the middle of a written examination. The students are diverse in ethnicity.

- 1. INTRODUCTION**
 - 2. SCOPE OF THE SCHOOLS SUBJECT REPORT**
 - 3. UTILISATION OF THE SCHOOLS SUBJECT REPORT**
- SCHOOL SUBJECT REPORT**

1. INTRODUCTION

This edition of the Schools Subject Report comprises the 2018 NSC subject results for all schools in every province. These results are consolidated into a single reference document that allows all stakeholders: School Management Teams, School Governing Bodies, teachers, subject advisors and district and provincial education officials, to review, monitor and track subject performance of the schools in their respective local communities. This report provides historical data on the performance of the 11 gateway subjects.

In order to enable a comparative analysis, subject performance data for both 2017 and 2018 are provided. This report is a useful resource that can inform the design and implementation of appropriate interventions at school, district and provincial levels.

This report should be read in conjunction with the following complementary reports on the 2018 National Senior Certificate examination published by the Department of Basic Education:

- a) The 2018 National Senior Certificate Examination Report;
- b) National Schools Report that presents the overall school results over three years; and
- c) National Diagnostic Report which provides an analysis learner performance in the 11 Gateway Subjects and the 11 Home Languages; identifies areas of poor performance, and recommends appropriate remedial measures in each of the subjects.

2. SCOPE OF THE SCHOOLS SUBJECT REPORT

The Schools Subject Report presents performance data in the following 11 gateway subjects: Accounting, Agricultural Sciences, Business Studies, Economics, English First Additional Language (FAL), Geography, History, Life Sciences, Mathematical Literacy, Mathematics and Physical Sciences.

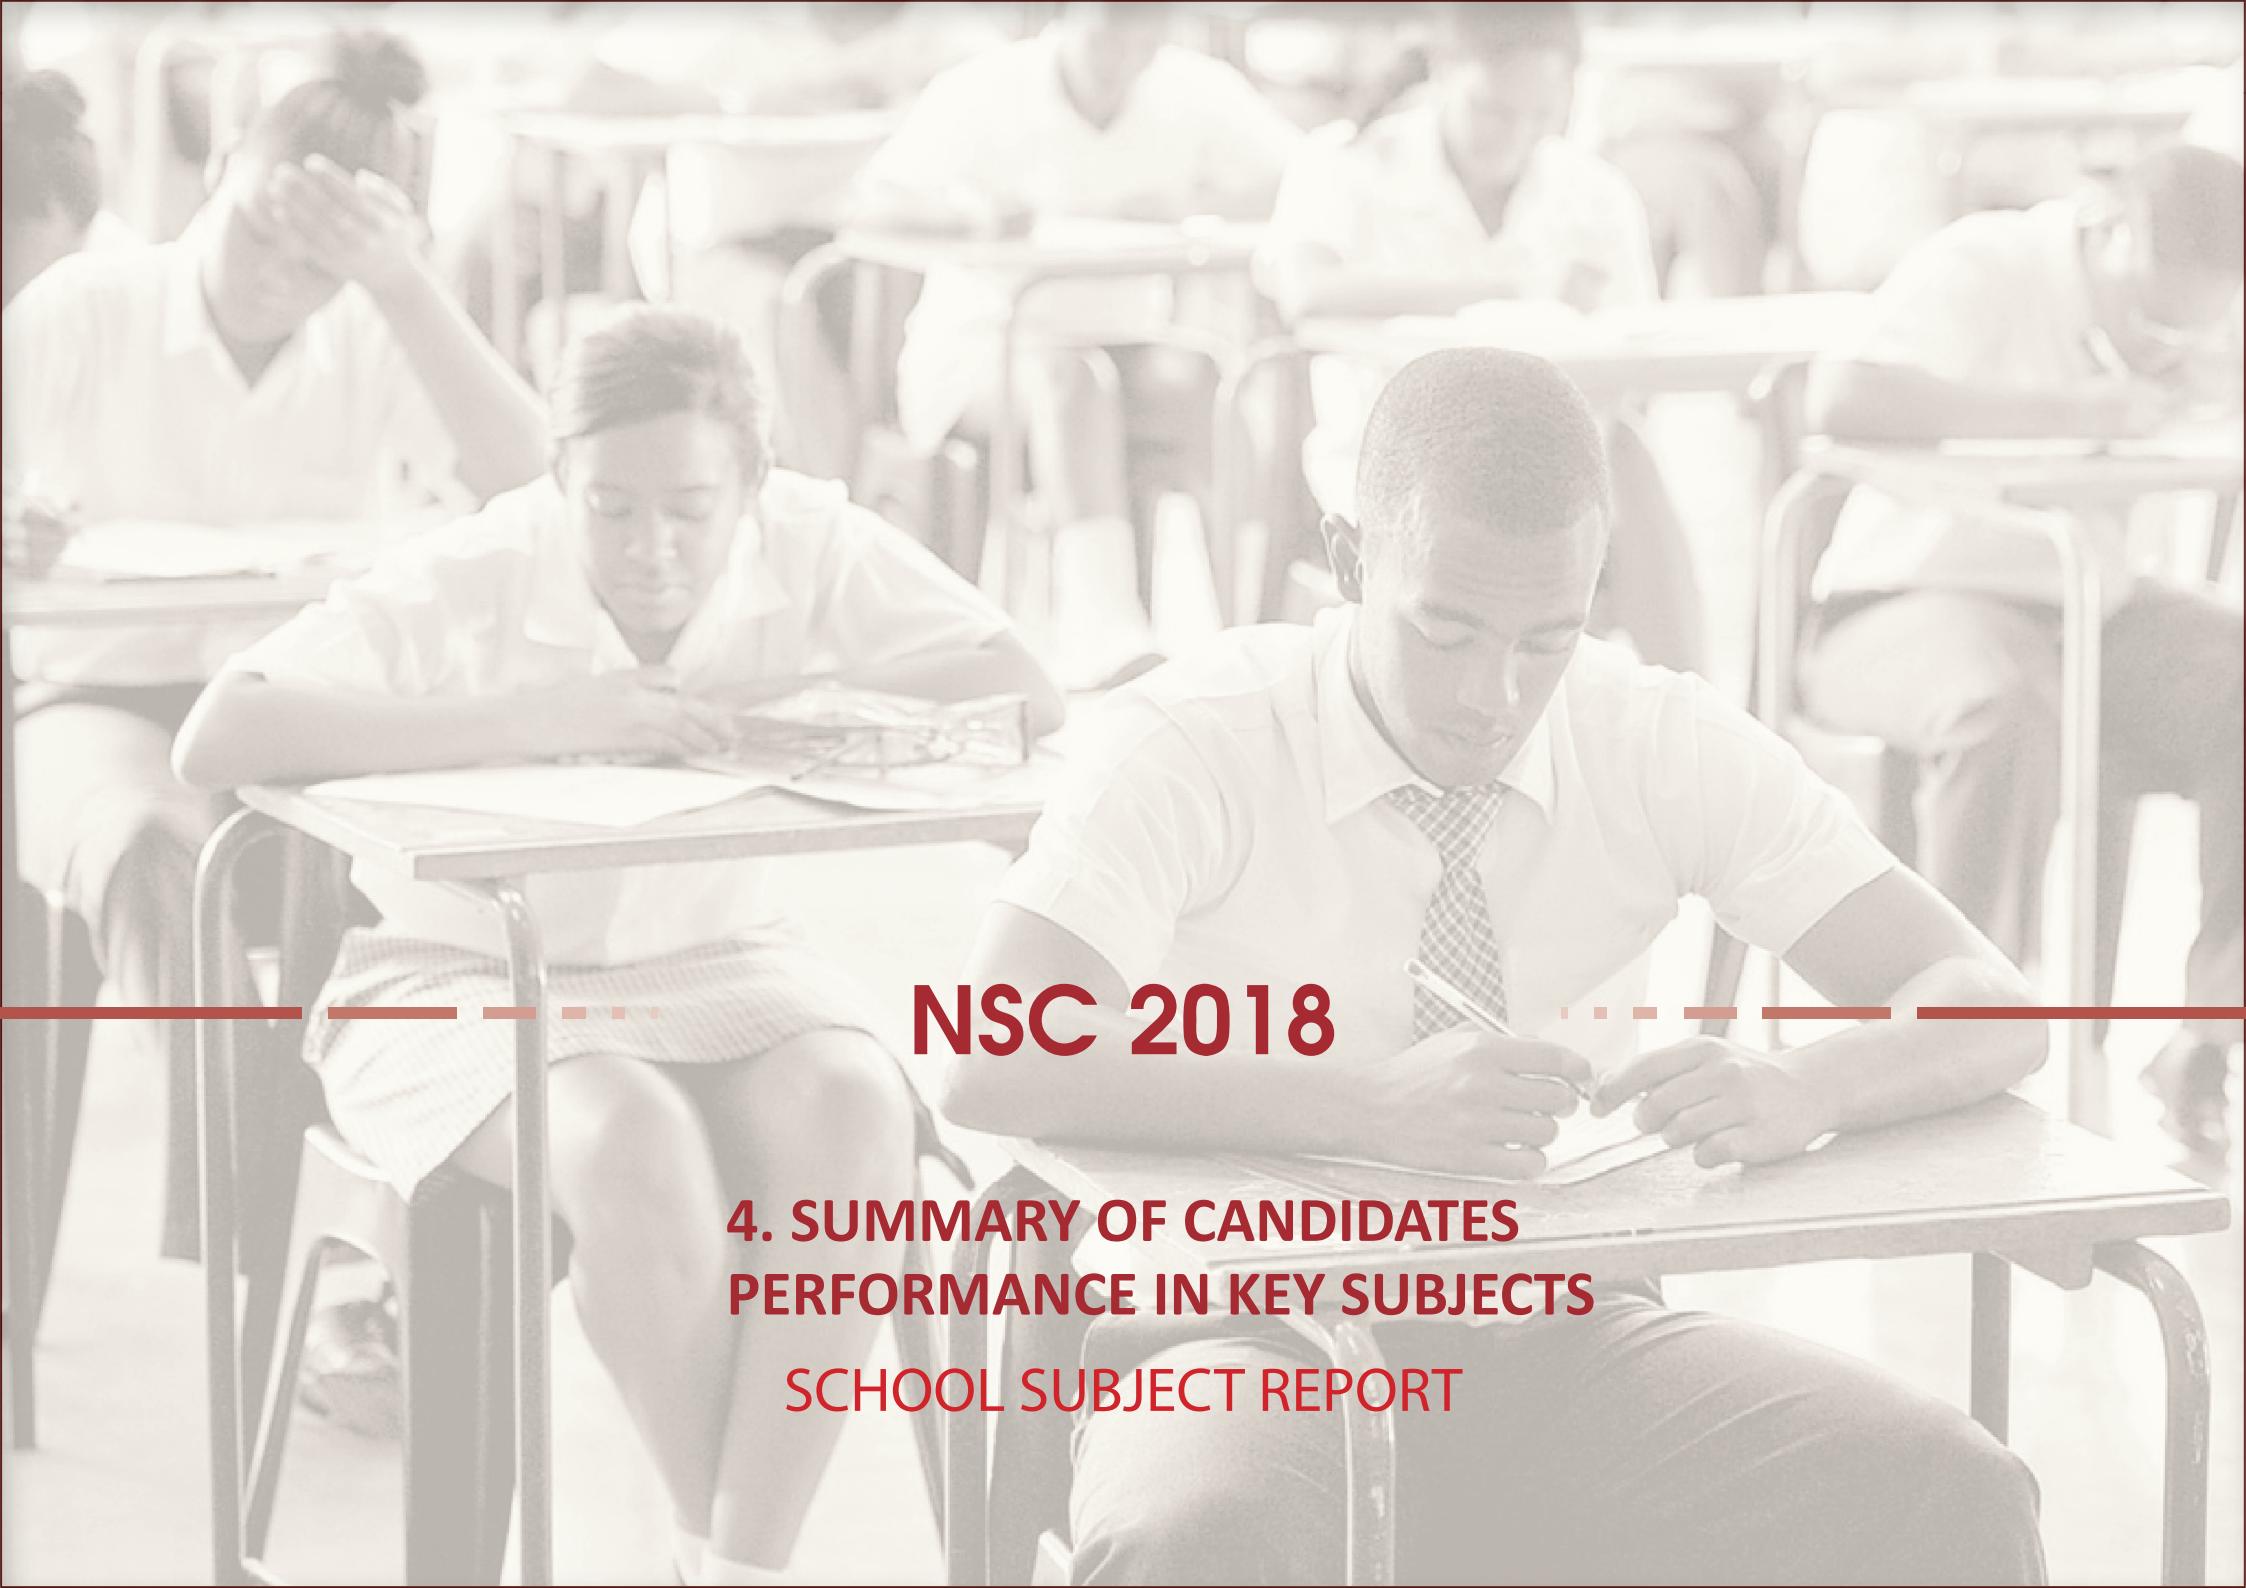

Candidates' performance in these gateway subjects, at a national level over the last two years,

precedes the summary table of candidates' performance in these subjects in each education district. This detailed set of data is provided to every school to enable them to measure progress made and evaluate reasons for upward or downward performance trends in 2017 and 2018

3. UTILISATION OF THE SCHOOLS SUBJECT REPORT

This report should be used by school managers, subject advisors, curriculum specialists and district planners to analyse a subject's overall performance within a school, and at cluster, circuit or district level. This report helps education stakeholders to identify the specific subjects where performance is poor and to ensure appropriate interventions are introduced. Where subject performance shows an upward trend within a school, circuit, district or province, the stakeholders must use the opportunity to identify the factors that have contributed to improved performance in specific subjects and consider how these best practices can be shared other teachers in the school where performance is low as well as with schools in that are performing poorly. The data may also be used to track learner performance in 2019 to ensure that their learners improve poor performance or maintain high performance. Early identification of poor performance will enable all stakeholders to implement appropriate interventions early enough to ensure the necessary impact thereby maintaining high levels of performance or improving performance.

School communities also have the opportunity to identify teacher capacity building needs and invest in this. A review of current equipment and curriculum resource needs is also necessary to ensure that the school is adequately resourced to harness the collective efforts and potential of teachers and learners so that they are motivated to improve upon their 2018 performance in selected subjects.

A sepia-toned photograph of students in a classroom taking a written exam. Several students are seated at their desks, focused on their papers. One student in the foreground is looking down at his work. The classroom has rows of desks and chairs.

A black and white photograph of a classroom full of students. They are all wearing white short-sleeved shirts and dark ties. They are seated at individual desks, looking down at their work, which appears to be a written assignment. The room has rows of desks and chairs, and the lighting is somewhat dim, creating a focused atmosphere.

A black and white photograph of a classroom full of students. They are all wearing white short-sleeved shirts and dark ties. They are seated at simple wooden desks, looking down at their work or papers on the desks. The background is slightly blurred, showing more rows of desks and students.
