DEPUTY CHIEF EDUCATION SPECIALISTS
SENIOR EDUCATION SPECIALISTS
PRINCIPALS OF SCHOOLS IN THE FET BAND

SUBJECT: **ERRATUM – PHYSICAL SCIENCES P2 GRADE 12 JUNE COMMON 2024**

DATE: **07 JUNE 2024**

The Physical Sciences P2 Grade 12 June Common Examination was written on Monday, 03 June 2024. We were made aware of certain amendments and omissions that were discovered during the marking process and memorandum discussion on the provided marking guideline.

In order to address this and to ensure that learners are not disadvantaged, the following standardised approach to marking must be adopted across the Province. The following guidelines regarding marking was prepared in conjunction with the examiner and moderator.

Page	Question		Recommendation
3	1.3	No correct answer in Afrikaans version: Current answer: A	Mark Question 1 out of 18 marks
5	1.8	Language error in English version. Current answer: C	Accept both A and C

11	4.1.6	Incorrect answer on marking guideline / Current answer: Mild heat and dilute strong base/LiOH/KOH/NaOH	Correct answer: High temperature and HBr (see CAPS page 112)
	4.2.5	Error on marking guideline: 2 C_4H_{10} + 13 O_2→ 8 CO_2 + 8 H_2O	Correct answer 2 C_4H_{10} + 13 O_2→ 8 CO_2 + **10** H_2O

The Afrikaans version has no correct answer on Question 1.3.

Mark the Afrikaans paper out of 148 and convert it to 150 marks as shown below

Converted mark $= \frac{leaner\ mark}{148} \times 150$

Example

if a learner got 80 out of 148 the converted mark must be calculated as follows:

Converted mark = $\frac{80}{148} \times 150 = 81{,}08$ ∴ **= 81**

We sincerely apologise for any inconvenience we might have caused.

Yours in education.

7 June 2024
