**DATE: 29 JANUARY 2025** 

LIST OF SAMPLED SCHOOLS THAT WILL BE PARTICIPATING IN THE GENERAL EDUCATION CERTIFICATE PILOT PROGRAMME IN 2025

- 1. The General Education Certificate (GEC) is hailed as one of the most important post-democracy education qualifications in South Africa. This qualification will be at National Qualification Framework (NQF) Level 1. It will not only reward learners after ten (10) years of formal schooling in the General Education and Training (GET). Still, it will ultimately guide and assist learners and parents in making informed choices regarding the envisaged Three Steams Model (TSM). Learners will be streamed into either of the three categories of vocational, occupational, or academic streams to assist them in becoming more employable in their post-school life.
- 2. The GEC also sheds some light on learners' inclinations through an inclination test, which will equip them with essential 21st-century skills through the administration of an Integrated Common Assessment Task (ICAT). The ICAT integrates various subjects in two tasks done in the third academic year term. The third component of the GEC assessment model is the curriculum tests that learners write under controlled conditions during term four.

The Curriculum tests are written during Term 4 in the following subjects:

- Home Language (all Languages).
- First Additional Language (all Languages).
- Mathematics (Afrikaans and English).
- Natural Sciences (Afrikaans and English).
- Economic and Management Sciences (Afrikaans and English).
- 3. In 2024 three hundred and fifty-four (354) schools participated in GEC piloting across the Provincial Education Department. All sampled schools participated in the inclination test, Integrated Common Assessment Task (ICAT) and the curriculum tests.
  - 3.1 The GEC orientation was conducted by the team of GEC provincial coordinators, consisting of the Chief Education Specialists and Deputy Chief Education Specialists Primary Curriculum Management, Examination and Assessment, Teacher Development and Learning Institute and Deputy Director from Education Management and Information System who trained the GEC district coordinators.
  - 3.2 The GEC Provincial Coordinators trained the GEC District coordinators, consisting of the Deputy Chief Education Specialist and Senior Education Specialist from Primary Curriculum Management and Secondary Curriculum Management, Assessment and Examination and Education Management and Information System. The training was cascaded to all sampled schools in each district.
  - 3.3 The Examination and Assessment Chief Directorate is responsible for printing and distributing the curriculum test to all examination storage points and all participating schools collect the question papers from these storage points.
  - The participating schools print the Integrated Common Assessment Task (ICAT) for all learners and the Integrated Common Assessment Task is marked by the subject teachers moderated by the school and at district or cluster level.
- 4. All expected schools wrote the GEC tests. GET subject specialists were invited for verification of marking for 73 sampled schools from 06 08 December 2024. Moderation reports reflected good marking and moderation of GEC tests at the school and district level. All expected marksheets were sent to the Department of Basic Education. The item analysis was conducted by the Examination and Assessment Chief Directorate and sent to the Department of Basic Education.

5. The Department of Basic Education has increased the number of schools that are expected to participate in the GEC pilot programme in 2025 from three hundred and fifty-four (354) schools in 2024 to eight hundred and eleven (811) schools in 2025. The Eastern Cape list of 2025 sampled schools is attached. All sampled schools are encouraged to participate in the Pilot Programme for 2025.

Cooperation of all districts and GEC sampled schools in the GEC pilot is both anticipated and appreciated.
